| Host                       | Mouse                                                                                                                                                                                                                                                         |
| Category                   | Antikörper                                                                                                                                                                                                                                                    |
| Application                | IHC-P                                                                                                                                                                                                                                                         |
| Species Reactivity         | Human                                                                                                                                                                                                                                                         |
| Immunogen                  | A recombinant fragment of human CD163L1 protein was used as the immunogen for the CD163L1 antibody.                                                                                                                                                           |
| Product Description        | CD163L1 (CD163 molecule-like 1), also known as scavenger receptor cysteinerich type 1 protein M160 or CD163B, is a 1,453 amino acid protein that belongs to the scavenger receptor cysteine-rich (SRCR) superfamily. Members of the SRCR family contain SR... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
| Clone Designation          | [CD163L1/7974]                                                                                                                                                                                                                                                |
| UniProt                    | <a href="#">Q9NR16</a>                                                                                                                                                                                                                                        |
| Purity                     | Protein A/G affinity                                                                                                                                                                                                                                          |
| Form                       | 1 mg/ml in 1X PBS, BSA free, sodium azide free                                                                                                                                                                                                                |

|                    |                                                                                  |
|--------------------|----------------------------------------------------------------------------------|
| Antibody Type      | Primary Antibody                                                                 |
| Application Dilute | Immunohistochemistry (FFPE): 1-2ug/ml for 30 minutes at RT                       |
| Application Notes  | Optimal dilution of the CD163L1 antibody should be determined by the researcher. |
