| UniProt                    | <a href="#">Q9Y2Q5</a>                                                                                                                                                                                            |
| Expression System          | E.coli                                                                                                                                                                                                            |
| Purity                     | > 97 % as determined by reducing SDS-PAGE.                                                                                                                                                                        |
| Form                       | Lyophilized from sterile PBS, pH 7.4Normally 5% - 8% trehalose, mannitol and 0.01% Tween 80 are added as protectants before lyophilization.Please refer to the specific buffer information in the printed manual. |
| Sequence                   | Met 1-Ser 125                                                                                                                                                                                                     |
| Target                     | LAMTOR2,ROBLD3,MAPBPIP                                                                                                                                                                                            |
