| Species Reactivity         | Rat                                                                                                                                                                                                                                                           |
| Product Description        | Rat VEGF (Vascular Endothelial cell Growth Factor) ELISA Kit for detecting VEGF in serum, plasma, cell culture supernatant, cell or tissue lysate, other biological fluids. Species Reactivity: Rat (Rattus norvegicus). Detection Range: 31.25-2000pg/ml.... |
| Range                      | 31.25-2000pg/ml                                                                                                                                                                                                                                               |
| Sensitivity                | 18.75pg/ml                                                                                                                                                                                                                                                    |
| Form                       | 96-Well Plate                                                                                                                                                                                                                                                 |
| Samples                    | Serum, Plasma, Cell Culture Supernates, Cell Lysates, Tissue Homogenates, Other Biological Fluids                                                                                                                                                             |
| Target                     | VEGF                                                                                                                                                                                                                                                          |
