| Product Description        | The ELISA (Enzyme-Linked Immunosorbent Assay) kit is an in vitro enzyme-linked immunosorbent assay for the quantitative measurement of samples in serum, Plasma , Urine ,tissue homogenates and Cell culture supernates and Other biological fluids... |
| Concentration              | 3.9 pg/mL                                                                                                                                                                                                                                              |
| Molecular Weight           | 4 hours                                                                                                                                                                                                                                                |
| Range                      | 7.8-500 pg/mL                                                                                                                                                                                                                                          |
| Sensitivity                | 3.9 pg/mL                                                                                                                                                                                                                                              |
| NCBI                       | <a href="#">29560</a>                                                                                                                                                                                                                                  |
| UniProt                    | <a href="#">O35800</a>                                                                                                                                                                                                                                 |

|                   |                                            |
|-------------------|--------------------------------------------|
| Samples           | Serum, plasma and cell culture supernates. |
| Application Notes | Cross-Reactivity: 7.81-500 pg/mL           |
