Intelliscreen(TM) DNA Damage Inducers Mini-Library FBM-10-7330

Article Name	Intelliscreen(TM) DNA Damage Inducers Mini-Library
Biozol Catalog Number	FBM-10-7330
Supplier Catalog Number	10-7330
Alternative Catalog Number	FBM-10-7330-1LIBRARY
Manufacturer	Focus Biomolecules
Category	Molekularbiologie
Product Description	Comprises 25 compounds that induce DNA damage via different mechanisms...
Form	Supplied as DMSO solution 10mM
Application Notes	DNA damage-inducing agents have been a cornerstone of cancer treatment for decades. DNA damage of cancer cells can lead to inhibition of cellular proliferation and induction of cell death. The Intelliscreen TM DNA Damage Inducers mini-library contains classes of agents including alkylating/platinum-based reagents that directly interact with DNA, antimetabolites that interfere with DNA replication and repair, topoisomerase inhibitors, and antitumor antibiotics which function through a variety of mechanisms including intercalation, alkylation, and ROS production.
