## Product Datasheet

### **CSN2 recombinant monoclonal antibody, clone R05-1D7, Clone: [R05-1D7], Monoclonal ABN-RAB05253**

|                            |                                                                                            |
|----------------------------|--------------------------------------------------------------------------------------------|
| Article Name               | CSN2 recombinant monoclonal antibody, clone R05-1D7, Clone: [R05-1D7], Monoclonal          |
| Biozol Catalog Number      | ABN-RAB05253                                                                               |
| Supplier Catalog Number    | RAB05253                                                                                   |
| Alternative Catalog Number | ABN-RAB05253-100                                                                           |
| Manufacturer               | Abnova                                                                                     |
| Category                   | Antikörper                                                                                 |
| Application                | IP, WB                                                                                     |
| Species Reactivity         | Human                                                                                      |
| Immunogen                  | Original antibody is raised against recombinant protein corresponding to human beta Casein |
| Product Description        | Rabbit recombinant monoclonal antibody raised against human beta Casein....                |
| Clonality                  | Monoclonal                                                                                 |
| Clone Designation          | [R05-1D7]                                                                                  |
| UniProt                    | 1447                                                                                       |
| Buffer                     | In 10 mM PBS, pH 7.4 (150 mM NaCl, 0.05% BSA, 0.02% sodium azide and 50% glycerol).        |
| Form                       | Liquid                                                                                     |

|                    |                                                                                                                         |
|--------------------|-------------------------------------------------------------------------------------------------------------------------|
| Target             | CSN2                                                                                                                    |
| Application Dilute | Immunoprecipitation (1/20)Western Blot (1/500-1/1000)The optimal working dilution should be determined by the end user. |
