## Product Datasheet

### **APOD recombinant monoclonal antibody, clone R06-7G7, Clone: [R06-7G7], Monoclonal ABN-RAB05607**

|                            |                                                                                             |
|----------------------------|---------------------------------------------------------------------------------------------|
| Article Name               | APOD recombinant monoclonal antibody, clone R06-7G7, Clone: [R06-7G7], Monoclonal           |
| Biozol Catalog Number      | ABN-RAB05607                                                                                |
| Supplier Catalog Number    | RAB05607                                                                                    |
| Alternative Catalog Number | ABN-RAB05607-100                                                                            |
| Manufacturer               | Abnova                                                                                      |
| Category                   | Antikörper                                                                                  |
| Application                | IHC-P, WB                                                                                   |
| Species Reactivity         | Human                                                                                       |
| Immunogen                  | Original antibody is raised against corresponding to human APOD.                            |
| Product Description        | Rabbit recombinant monoclonal antibody raised against human APOD....                        |
| Clonality                  | Monoclonal                                                                                  |
| Clone Designation          | [R06-7G7]                                                                                   |
| UniProt                    | 347                                                                                         |
| Buffer                     | In 50 mM Tris-Glycine pH 7.4 (0.15 M NaCl, 40% Glycerol, 0.01% Sodium azide and 0.05% BSA). |
| Form                       | Liquid                                                                                      |
| Target                     | APOD                                                                                        |

|                    |                                                                                                                                                                                |
|--------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Dilute | Immunohistochemistry (Formalin/PFA-fixed paraffin-embedded sections) (1/50-1/100)Western Blot (1/500-1/1000)The optimal working dilution should be determined by the end user. |
