## Product Datasheet

### **PXN (phospho Y118) monoclonal antibody, clone HEG-16, Clone: [HEG-16], Rabbit, Monoclonal ABN-MAB20549**

|                            |                                                                                           |
|----------------------------|-------------------------------------------------------------------------------------------|
| Article Name               | PXN (phospho Y118) monoclonal antibody, clone HEG-16, Clone: [HEG-16], Rabbit, Monoclonal |
| Biozol Catalog Number      | ABN-MAB20549                                                                              |
| Supplier Catalog Number    | MAB20549                                                                                  |
| Alternative Catalog Number | ABN-MAB20549-100                                                                          |
| Manufacturer               | Abnova                                                                                    |
| Host                       | Rabbit                                                                                    |
| Category                   | Antikörper                                                                                |
| Application                | WB                                                                                        |
| Species Reactivity         | Human                                                                                     |
| Immunogen                  | A synthetic phosphopeptide corresponding to residues surrounding Y118 of human PXN.       |
| Product Description        | Rabbit monoclonal antibody raised against synthetic phosphopeptide of human PXN....       |
| Clonality                  | Monoclonal                                                                                |
| Clone Designation          | [HEG-16]                                                                                  |
| UniProt                    | 5829                                                                                      |
| Buffer                     | In PBS, 150 mM NaCl, pH 7.4 (50% glycerol, 0.4-0.5 mg/mL BSA, 0.02% sodium azide).        |

|                    |                                                                                                |
|--------------------|------------------------------------------------------------------------------------------------|
| Form               | Liquid                                                                                         |
| Target             | PXN                                                                                            |
| Application Dilute | Western Blot (1:1000-1:2000)The optimal working dilution should be determined by the end user. |
