## Product Datasheet

### **AIF1 monoclonal antibody, clone AEBB-1, Clone: [AEBB-1], Rabbit, Monoclonal ABN-MAB22142**

|                            |                                                                               |
|----------------------------|-------------------------------------------------------------------------------|
| Article Name               | AIF1 monoclonal antibody, clone AEBB-1, Clone: [AEBB-1], Rabbit, Monoclonal   |
| Biozol Catalog Number      | ABN-MAB22142                                                                  |
| Supplier Catalog Number    | MAB22142                                                                      |
| Alternative Catalog Number | ABN-MAB22142-100                                                              |
| Manufacturer               | Abnova                                                                        |
| Host                       | Rabbit                                                                        |
| Category                   | Antikörper                                                                    |
| Application                | ICC, IF, IHC-P, IP, WB                                                        |
| Species Reactivity         | Human                                                                         |
| Immunogen                  | A synthetic peptide corresponding to human AIF1.                              |
| Product Description        | Rabbit monoclonal antibody raised against synthetic peptide of human AIF1.... |
| Clonality                  | Monoclonal                                                                    |
| Clone Designation          | [AEBB-1]                                                                      |
| UniProt                    | 199                                                                           |
| Buffer                     | In PBS, 150 mM NaCl, pH 7.4 (50% glycerol, 0.02% sodium azide).               |
| Form                       | Liquid                                                                        |

|                    |                                                                                                                                                                                                                          |
|--------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Target             | AIF1                                                                                                                                                                                                                     |
| Application Dilute | Immunocytochemistry (1:50-1:200)Immunofluorescence (1:50-1:200)Immunohistochemistry (1:100-1:500)Immunoprecipitation (1:50)Western Blot (1:500-1:1000)The optimal working dilution should be determined by the end user. |
