## Product Datasheet

### **TFAM monoclonal antibody, clone ADHC-20, Clone: [ADHC-20], Rabbit, Monoclonal ABN-MAB22155**

|                            |                                                                               |
|----------------------------|-------------------------------------------------------------------------------|
| Article Name               | TFAM monoclonal antibody, clone ADHC-20, Clone: [ADHC-20], Rabbit, Monoclonal |
| Biozol Catalog Number      | ABN-MAB22155                                                                  |
| Supplier Catalog Number    | MAB22155                                                                      |
| Alternative Catalog Number | ABN-MAB22155-100                                                              |
| Manufacturer               | Abnova                                                                        |
| Host                       | Rabbit                                                                        |
| Category                   | Antikörper                                                                    |
| Application                | ICC, IF, IHC, IP, WB                                                          |
| Species Reactivity         | Human                                                                         |
| Immunogen                  | A synthetic peptide corresponding to human TFAM.                              |
| Product Description        | Rabbit monoclonal antibody raised against synthetic peptide of human TFAM.... |
| Clonality                  | Monoclonal                                                                    |
| Clone Designation          | [ADHC-20]                                                                     |
| UniProt                    | 7019                                                                          |
| Buffer                     | In PBS, 150 mM NaCl, pH 7.4 (50% glycerol, 0.02% sodium azide).               |
| Form                       | Liquid                                                                        |

|                    |                                                                                                                                                                                                                         |
|--------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Target             | TFAM                                                                                                                                                                                                                    |
| Application Dilute | Immunocytochemistry (1:50-1:200)Immunofluorescence(1:50-1:200)Immunohistochemistry (1:50-1:200)Immunoprecipitation (1:50)Western Blot (1:1000-1:5000)The optimal working dilution should be determined by the end user. |
