## Product Datasheet

### **E2F4 monoclonal antibody, clone AFDF-5, Clone: [AFDF-5], Rabbit, Monoclonal ABN-MAB22179**

|                            |                                                                               |
|----------------------------|-------------------------------------------------------------------------------|
| Article Name               | E2F4 monoclonal antibody, clone AFDF-5, Clone: [AFDF-5], Rabbit, Monoclonal   |
| Biozol Catalog Number      | ABN-MAB22179                                                                  |
| Supplier Catalog Number    | MAB22179                                                                      |
| Alternative Catalog Number | ABN-MAB22179-100                                                              |
| Manufacturer               | Abnova                                                                        |
| Host                       | Rabbit                                                                        |
| Category                   | Antikörper                                                                    |
| Application                | WB                                                                            |
| Species Reactivity         | Human                                                                         |
| Immunogen                  | A synthetic peptide corresponding to human E2F4.                              |
| Product Description        | Rabbit monoclonal antibody raised against synthetic protein of human E2F4.... |
| Clonality                  | Monoclonal                                                                    |
| Clone Designation          | [AFDF-5]                                                                      |
| UniProt                    | 1874                                                                          |
| Buffer                     | In PBS, 150 mM NaCl, pH 7.4 (50% glycerol, 0.02% sodium azide).               |
| Form                       | Liquid                                                                        |

|                    |                                                                                             |
|--------------------|---------------------------------------------------------------------------------------------|
| Target             | E2F4                                                                                        |
| Application Dilute | Western Blot (1:500-2000)The optimal working dilution should be determined by the end user. |
