| Category                   | Antikörper                                                                                                       |
| Application                | FC, IF                                                                                                           |
| Species Reactivity         | Bovine                                                                                                           |
| Immunogen                  | Bovine IgG                                                                                                       |
| Conjugation                | FITC                                                                                                             |
| Clonality                  | Polyclonal                                                                                                       |
| Concentration              | 1mg/mL                                                                                                           |
| Buffer                     | Liquid in 0.01M Phosphate Buffered Saline, pH 7.2, containing 1% BSA, 50% glycerol, 0.05% Sodium Azide           |
| Purity                     | The antibody was isolated from ascitic by immunoaffinity chromatography using antigens coupled to agarose beads. |
| Application Dilute         | IF (1/250 - 1/2000), FC (1/250 - 1/2000)                                                                         |
