| Category                   | Antikörper                                                                                                       |
| Application                | ELISA, FC, IF, IHC                                                                                               |
| Species Reactivity         | Porcine                                                                                                          |
| Immunogen                  | Pig IgG                                                                                                          |
| Conjugation                | Alexa Fluor 555                                                                                                  |
| Clonality                  | Monoclonal                                                                                                       |
| Concentration              | 1mg/mL                                                                                                           |
| Buffer                     | 1 mg/ml, liquid in 0.01M Phosphate Buffered Saline, pH 7.2, containing 1% BSA, 50% glycerol, 0.02% Sodium Azide  |
| Purity                     | The antibody was isolated from ascitic by immunoaffinity chromatography using antigens coupled to agarose beads. |
| Application Dilute         | IH (1/100 - 1/1000), IF (1/100 - 1/1000), FC (1/1000 - 1/4000), E (Use at an assay dependent concentration)      |
