| Article Name               | Mouse Anti-Human IgM - Alexa Fluor 660, AF660, Monoclonal                                                        |
| Biozol Catalog Number      | DLD-DL87519A                                                                                                     |
| Supplier Catalog Number    | DL87519A                                                                                                         |
| Alternative Catalog Number | DLD-DL87519A-100,DLD-DL87519A-500,DLD-DL87519A-1                                                                 |
| Manufacturer               | DLDEVELOP                                                                                                        |
| Host                       | Mouse                                                                                                            |
| Category                   | Antikörper                                                                                                       |
| Application                | ELISA, FC, IF, IHC                                                                                               |
| Species Reactivity         | Human                                                                                                            |
| Immunogen                  | Human IgM                                                                                                        |
| Conjugation                | AF660                                                                                                            |
| Clonality                  | Monoclonal                                                                                                       |
| Concentration              | 1mg/mL                                                                                                           |
| Buffer                     | 1 mg/ml, liquid in 0.01M Phosphate Buffered Saline, pH 7.2, containing 1% BSA, 50% glycerol, 0.02% Sodium Azide  |
| Purity                     | The antibody was isolated from ascitic by immunoaffinity chromatography using antigens coupled to agarose beads. |
| Application Dilute         | IH (1/100 - 1/1000), IF (1/100 - 1/1000), FC (1/1000 - 1/4000), E (Use at an assay dependent concentration)      |
