| Species Reactivity         | Human                                                                                                                                                                                                          |
| Immunogen                  | Expression system for standard: E.coli, Immunogen sequence: S19-N178                                                                                                                                           |
| Product Description        | Human IL-10 ELISA Kit EZ-Set(TM) (DIY Antibody Pairs) (antibody pairs and standards for assay development). Quantitate Human IL10 in cell culture supernatants, serum and plasma ( heparin, EDTA, citrate).... |
| Molecular Weight           | 20517 MW                                                                                                                                                                                                       |
| Range                      | 7.8 pg/ml - 500 pg/ml (cell culture supernates) 3.4 pg/ml - 250 pg/ml (human serum, plasma)                                                                                                                    |
| UniProt                    | <a href="#">P22301</a>                                                                                                                                                                                         |
| Samples                    | cell culture supernatants, serum and plasma ( heparin, EDTA, citrate).                                                                                                                                         |
