| Category                   | Antikörper                                                                                                                                                                   |
| Application                | FC, ICC, IF, IP, WB                                                                                                                                                          |
| Species Reactivity         | Human, Rat                                                                                                                                                                   |
| Immunogen                  | A synthesized peptide derived from human SIRT2                                                                                                                               |
| Product Description        | Boster Bio Anti-SIRT2/Sirtuin 2 Rabbit Monoclonal Antibody catalog M00433-1. Tested in WB, ICC/IF, IP, Flow Cytometry applications. This antibody reacts with Human, Rat.... |
| Clonality                  | Monoclonal                                                                                                                                                                   |
| Concentration              | 0.5mg/ml                                                                                                                                                                     |
| Clone Designation          | [Clone: EBA-19]                                                                                                                                                              |
| Molecular Weight           | Observed Molecular Weight: 160-180 kDa. Calculated Molecular Weight: 43182 MW                                                                                                |

|                    |                                                                                                                     |
|--------------------|---------------------------------------------------------------------------------------------------------------------|
| Sensitivity        | <20pg/ml                                                                                                            |
| NCBI               | <a href="#">22933</a>                                                                                               |
| UniProt            | <a href="#">Q8IXJ6</a>                                                                                              |
| Buffer             | Rabbit IgG in phosphate buffered saline, pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol, 0.4-0.5mg/ml BSA. |
| Purity             | Affinity-chromatography                                                                                             |
| Form               | Liquid                                                                                                              |
| Target             | T-cell surface glycoprotein CD4                                                                                     |
| Application Dilute | WB 1:500-2000ICC/IF 1:50-200IP 1:20FC 1:20                                                                          |
