Product Datasheet

Anti-ESE1 Antibody, Rabbit, Polyclonal ABT-AN2094

Article Name	Anti-ESE1 Antibody, Rabbit, Polyclonal
Biozol Catalog Number	ABT-AN2094
Supplier Catalog Number	AN2094
Alternative Catalog Number	ABT-AN2094-100UL
Manufacturer	Abcepta
Host	Rabbit
Category	Antikörper
Product Description	ESE-1 (for epithelium-specific Ets), is a novel, highly tissue-restricted member of the ets transcription factor/oncogene family, which has features distinct from those of any other ets-related factor. ESE-1 binds with high affinity to and transactivates a variety of target genes, including the c-fos, c-jun, and c-myc genes. ESE-1 is expressed in epithelial cells, particularly in the basal layer of stratified squamous epithelia, and is also found in the basal layer of the epidermis and in the basal layer of the oral mucosa. ESE-1 is a member of the ETS transcription factor family, which includes Ets-1, Ets-2, and P-ets-1. ESE-1 is a member of the ETS transcription factor family, which includes Ets-1, Ets-2, and P-ets-1. ESE-1 is a member of the ETS transcription factor family, which includes Ets-1, Ets-2, and P-ets-1.
Clonality	Polyclonal
Molecular Weight	41454
NCBI	1999
UniProt	P78545
