## Product Datasheet

### **Serum Amyloid A(SAA/326), CF640R conjugate, 0.1mg/mL, Clone: [SAA/326], Mouse, Monoclonal BOT-BNC400326-100**

Article Name	Serum Amyloid A(SAA/326), CF640R conjugate, 0.1mg/mL, Clone: [SAA/326], Mouse, Monoclonal
Biozol Catalog Number	BOT-BNC400326-100
Supplier Catalog Number	BNC400326-100
Alternative Catalog Number	BOT-BNC400326-100-100UL
Manufacturer	Biotium
Host	Mouse
Category	Antikörper
Application	IHC
Species Reactivity	Human
Immunogen	Recombinant full-length human serum amyloid A (SAA) protein
Conjugation	CF640R
Product Description	This antibody reacts with natural and recombinant human Serum Amyloid A (SAA) and does not cross-react with other human cytokines or growth factors. Human SAA proteins are a group of apolipoproteins found predominantly in the high-density lipoproteins found in the plasma. They are involved in the transport of cholesterol and triglycerides. This antibody is useful for detecting SAA in various biological samples, including serum, plasma, and tissue extracts. It can be used for immunohistochemistry (IHC) to study SAA expression in tissues, Western blotting (WB) to detect SAA protein levels, and enzyme-linked immunosorbent assay (ELISA) to quantitate SAA in biological fluids.
Clonality	Monoclonal
Concentration	0.1 mg/mL
Clone Designation	[SAA/326]

Molecular Weight	12 kDa
UniProt	<a href="#">P02735</a>
Buffer	PBS, 0.1% BSA, 0.05% azide
Source	Animal
