## Product Datasheet

### **Tryptase (Mast Cell Marker)(TPSAB1/1963), CF640R conjugate, 0.1mg/mL, Clone: [TPSAB1/1963], Mouse, Monoclonal BOT-BNC401963-500**

|                            |                                                                                                                                                                                                                                                               |

| Species Reactivity         | Human                                                                                                                                                                                                                                                         |
| Immunogen                  | Recombinant human Tryptase protein fragment (around aa 115-233)<br>(Exact sequence is proprietary)                                                                                                                                                            |
| Conjugation                | CF640R                                                                                                                                                                                                                                                        |
| Product Description        | Tryptases comprise a family of trypsin-like serine proteases (peptidase family S1). Tryptases are stored in mast cell secretory granules and basophils. Mast cells are connective tissue cells derived from blood-forming tissues that line arterial walls... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
| Concentration              | 0.1 mg/mL                                                                                                                                                                                                                                                     |
