| Application                | ELISA, IH, WB                                                                                                     |
| Immunogen                  | Human IgG Fc                                                                                                      |
| Conjugation                | HRP                                                                                                               |
| Product Description        | Goat Polyclonal Secondary Antibody to Human IgG Fc HRP...                                                         |
| Concentration              | 1 mg/ml                                                                                                           |
| Buffer                     | 1 mg/ml, liquid in 0.01M Phosphate Buffered Saline, pH 7.2, containing 1% BSA, 50% glycerol, 0.02% Proclin        |
| Purity                     | The antibody was isolated from antisera by immunoaffinity chromatography using antigens coupled to agarose beads. |
| Application Dilute         | E (1/5000 - 1/20000), WB (1/5000 - 1/20000), IH (1/500 - 1/1000), IC (1/500 - 1/1000)                             |
