| Category                   | Antikörper                                                                                                        |
| Application                | ELISA, FC, IF, IH                                                                                                 |
| Immunogen                  | Mouse IgG                                                                                                         |
| Conjugation                | AF750                                                                                                             |
| Product Description        | Goat Polyclonal Secondary Antibody to Mouse IgG (H&L) - AF750...                                                  |
| Concentration              | 1 mg/ml                                                                                                           |
| Buffer                     | 1 mg/ml, liquid in 0.01M Phosphate Buffered Saline, pH 7.2, containing 1% BSA, 50% glycerol, 0.02% Sodium Azide   |
| Purity                     | The antibody was isolated from antisera by immunoaffinity chromatography using antigens coupled to agarose beads. |
| Application Dilute         | IH (1/100 - 1/1000), IF (1/100 - 1/1000), FC (1/1000 - 1/4000), E (Use at an assay dependent concentration)       |
