| Category                   | Antikörper                                                                                                                                                                                                                                                    |
| Application                | ELISA, FC, IF                                                                                                                                                                                                                                                 |
| Species Reactivity         | Human                                                                                                                                                                                                                                                         |
| Conjugation                | AbFluor 594                                                                                                                                                                                                                                                   |
| Product Description        | Assay Biotechnology secondary antibodies are available conjugated to enzyme, biotin or fluorophore for use in a variety of antibody-based applications including Western Blot, ImmunoHistoChemistry, ImmunoFluorescence, Flow Cytometry and ELISA. We offe... |
| Source                     | Goat                                                                                                                                                                                                                                                          |
| Purity                     | The antibody was isolated from antisera by immunoaffinity chromatography using antigens coupled to agarose beads.                                                                                                                                             |
| Form                       | 1 mg/ml, liquid in 0.01M Phosphate Buffered Saline, pH 7.2, containing 1% BSA, 50% glycerol, 0.02% Sodium Azide                                                                                                                                               |
| Application Dilute         | IHC (1:200 - 1:1000), IF (1:200 - 1:1000), FCM (1:100 - 1:1000), Elisa (Use at an assay dependent concentration)                                                                                                                                              |
