Product Datasheet

PSA (ABT114) Antibody, Mouse, Monoclonal AST-V0443

Article Name PSA (ABT114) Antibody, Mouse, Monoclonal Biozol Catalog Number AST-V0443 Supplier Catalog Number V0443 Alternative Catalog Number AST-V0443-20, AST-V0443-50, AST-V0443-100, AST-V0443-200 Manufacturer Assay Biotechnology Host Mouse Category Antikörper Application ELISA, IHC Species Reactivity Human Immunogen Synthesized peptide derived from human PSA AA range: 100-200 Kallikreins are a subgroup of serine proteases having diverse physiological functions. Growing evidence suggests that many kallikreins are implicated in carcinogenesis and some have potential as novel cancer and other disease biomarkers. This gene is Clonality Monoclonal UniProt P07288		
Supplier Catalog Number AST-V0443-20, AST-V0443-50, AST-V0443-100, AST-V0443-200 Manufacturer Assay Biotechnology Host Mouse Category Antikörper Application ELISA, IHC Species Reactivity Human Immunogen Synthesized peptide derived from human PSA AA range: 100-200 Kallikreins are a subgroup of serine proteases having diverse physiological functions. Growing evidence suggests that many kallikreins are implicated in carcinogenesis and some have potential as novel cancer and other disease biomarkers. This gene is Clonality Monoclonal	Article Name	PSA (ABT114) Antibody, Mouse, Monoclonal
Alternative Catalog Number AST-V0443-20, AST-V0443-50, AST-V0443-100, AST-V0443-200 Manufacturer Assay Biotechnology Host Mouse Category Antikörper Application ELISA, IHC Species Reactivity Human Immunogen Synthesized peptide derived from human PSA AA range: 100-200 Kallikreins are a subgroup of serine proteases having diverse physiological functions. Growing evidence suggests that many kallikreins are implicated in carcinogenesis and some have potential as novel cancer and other disease biomarkers. This gene is Clonality Monoclonal	Biozol Catalog Number	AST-V0443
Manufacturer Assay Biotechnology Host Mouse Category Antikörper Application ELISA, IHC Species Reactivity Human Immunogen Synthesized peptide derived from human PSA AA range: 100-200 Kallikreins are a subgroup of serine proteases having diverse physiological functions. Growing evidence suggests that many kallikreins are implicated in carcinogenesis and some have potential as novel cancer and other disease biomarkers. This gene is Clonality Monoclonal	Supplier Catalog Number	V0443
Host Mouse Category Antikörper Application ELISA, IHC Species Reactivity Human Immunogen Synthesized peptide derived from human PSA AA range: 100-200 Kallikreins are a subgroup of serine proteases having diverse physiological functions. Growing evidence suggests that many kallikreins are implicated in carcinogenesis and some have potential as novel cancer and other disease biomarkers. This gene is Clonality Monoclonal	Alternative Catalog Number	AST-V0443-20, AST-V0443-50, AST-V0443-100, AST-V0443-200
Category Antikörper Application ELISA, IHC Species Reactivity Human Immunogen Synthesized peptide derived from human PSA AA range: 100-200 Kallikreins are a subgroup of serine proteases having diverse physiological functions. Growing evidence suggests that many kallikreins are implicated in carcinogenesis and some have potential as novel cancer and other disease biomarkers. This gene is Clonality Monoclonal	Manufacturer	Assay Biotechnology
Application ELISA, IHC Species Reactivity Human Immunogen Synthesized peptide derived from human PSA AA range: 100-200 Kallikreins are a subgroup of serine proteases having diverse physiological functions. Growing evidence suggests that many kallikreins are implicated in carcinogenesis and some have potential as novel cancer and other disease biomarkers. This gene is Clonality Monoclonal	Host	Mouse
Species Reactivity Human Synthesized peptide derived from human PSA AA range: 100-200 Kallikreins are a subgroup of serine proteases having diverse physiological functions. Growing evidence suggests that many kallikreins are implicated in carcinogenesis and some have potential as novel cancer and other disease biomarkers. This gene is Clonality Monoclonal	Category	Antikörper
Immunogen Synthesized peptide derived from human PSA AA range: 100-200 Kallikreins are a subgroup of serine proteases having diverse physiological functions. Growing evidence suggests that many kallikreins are implicated in carcinogenesis and some have potential as novel cancer and other disease biomarkers. This gene is Clonality Monoclonal	Application	ELISA, IHC
Product Description Kallikreins are a subgroup of serine proteases having diverse physiological functions. Growing evidence suggests that many kallikreins are implicated in carcinogenesis and some have potential as novel cancer and other disease biomarkers. This gene is Clonality Monoclonal	Species Reactivity	Human
Product Description physiological functions. Growing evidence suggests that many kallikreins are implicated in carcinogenesis and some have potential as novel cancer and other disease biomarkers. This gene is Clonality Monoclonal	Immunogen	Synthesized peptide derived from human PSA AA range: 100-200
	Product Description	physiological functions. Growing evidence suggests that many kallikreins are implicated in carcinogenesis and some have potential
UniProt P07288	Clonality	Monoclonal
	UniProt	P07288
Source Mouse, Monoclonal IgG2b, kappa	Source	Mouse, Monoclonal IgG2b, kappa
Purity The antibody was affinity-purified from ascites by affinity-chromatography using specific immunogen.	Purity	
Form PBS, 50% glycerol, 0.05% Proclin 300, 0.05%BSA	Form	PBS, 50% glycerol, 0.05% Proclin 300, 0.05%BSA

Application Dilu	ute
------------------	-----

IHC 1:200-400. ELISA 1:500-5000
