Product Datasheet

Anti-Amoxicillin [D10], Rabbit IgG-Fc Fusion,, Monoclonal ABA-AB04536-23.159

Article Name Anti-Amoxicillin [D10], Rabbit IgG-Fc Fusion,, Monoclonal Biozol Catalog Number ABA-AB04536-23.159 Supplier Catalog Number Ab04536-23.159 Alternative Catalog Number ABA-AB04536-23.159 Manufacturer Absolute Antibody Host Rabbit Category Antikörper Application ELISA Species Reactivity All Product Description The original antibody was generated by immunizing Lama glama with amoxicillin conjugated with human serum albumin. The peripheral blood lymphocytes of the llama were used to generate a VHH library and the specific antibody was selected by panning the Clonality Monoclonal Clone Designation [D10] Pubmed 34931798 Buffer PBS with 0.02% Proclin 300.		
Supplier Catalog Number Ab04536-23.159 Alternative Catalog Number ABA-AB04536-23.159 Manufacturer Absolute Antibody Host Category Antikörper Application ELISA Species Reactivity All The original antibody was generated by immunizing Lama glama with amoxicillin conjugated with human serum albumin. The peripheral blood lymphocytes of the llama were used to generate a VHH library and the specific antibody was selected by panning the Clonality Monoclonal Clone Designation [D10] Pubmed AbA-AB04536-23.159 ABA-AB04536-23.159 Absolute Antibody Was generated by immunizing Lama glama with amoxicillin conjugated with human serum albumin. The peripheral blood lymphocytes of the llama were used to generate a VHH library and the specific antibody was selected by panning the Clonality Monoclonal Clone Designation [D10]	Article Name	Anti-Amoxicillin [D10], Rabbit IgG-Fc Fusion,, Monoclonal
Alternative Catalog Number ABA-AB04536-23.159 Manufacturer Absolute Antibody Host Category Antikörper Application ELISA Species Reactivity All The original antibody was generated by immunizing Lama glama with amoxicillin conjugated with human serum albumin. The peripheral blood lymphocytes of the llama were used to generate a VHH library and the specific antibody was selected by panning the Clonality Monoclonal Clone Designation [D10] Pubmed ABA-AB04536-23.159 Absolute Antibody Rabbit Antikörper All The original antibody was generated by immunizing Lama glama with amoxicillin conjugated with human serum albumin. The peripheral blood lymphocytes of the llama were used to generate a VHH library and the specific antibody was selected by panning the Clonality Antikörper The original antibody was generated by immunizing Lama glama with amoxicillin conjugated with human serum albumin. The peripheral blood lymphocytes of the llama were used to generate a VHH library and the specific antibody was selected by panning the Clonality Antikörper	Biozol Catalog Number	ABA-AB04536-23.159
Manufacturer Absolute Antibody Host Rabbit Category Antikörper Application ELISA Species Reactivity All The original antibody was generated by immunizing Lama glama with amoxicillin conjugated with human serum albumin. The peripheral blood lymphocytes of the llama were used to generate a VHH library and the specific antibody was selected by panning the Clonality Monoclonal Clone Designation [D10] Pubmed Absolute Antibody Monicipal The original antibody was generated by immunizing Lama glama with amoxicillin conjugated with human serum albumin. The peripheral blood lymphocytes of the llama were used to generate a VHH library and the specific antibody was selected by panning the Clonality Antikörper Antikörper Antikörper All The original antibody was generated by immunizing Lama glama with amoxicillin conjugated with human serum albumin. The peripheral blood lymphocytes of the llama were used to generate a VHH library and the specific antibody was selected by panning the Clonality Antikörper	Supplier Catalog Number	Ab04536-23.159
Host Rabbit Category Antikörper Application ELISA Species Reactivity All The original antibody was generated by immunizing Lama glama with amoxicillin conjugated with human serum albumin. The peripheral blood lymphocytes of the llama were used to generate a VHH library and the specific antibody was selected by panning the Clonality Monoclonal Clone Designation [D10] Pubmed 34931798	Alternative Catalog Number	ABA-AB04536-23.159
Category Application ELISA Species Reactivity All The original antibody was generated by immunizing Lama glama with amoxicillin conjugated with human serum albumin. The peripheral blood lymphocytes of the llama were used to generate a VHH library and the specific antibody was selected by panning the Clonality Monoclonal Clone Designation [D10] Pubmed Antikörper Antikörper Antikörper All The original antibody was generated by immunizing Lama glama with amoxicillin conjugated with human serum albumin. The peripheral blood lymphocytes of the llama were used to generate a VHH library and the specific antibody was selected by panning the Clonality All The original antibody was generated by immunizing Lama glama with amoxicillin conjugated with human serum albumin. The peripheral blood lymphocytes of the llama were used to generate a VHH library and the specific antibody was selected by panning the Clonality Antikörper	Manufacturer	Absolute Antibody
Application ELISA Species Reactivity All The original antibody was generated by immunizing Lama glama with amoxicillin conjugated with human serum albumin. The peripheral blood lymphocytes of the llama were used to generate a VHH library and the specific antibody was selected by panning the Clonality Monoclonal Clone Designation [D10] Pubmed 34931798	Host	Rabbit
Species Reactivity All The original antibody was generated by immunizing Lama glama with amoxicillin conjugated with human serum albumin. The peripheral blood lymphocytes of the llama were used to generate a VHH library and the specific antibody was selected by panning the Clonality Monoclonal Clone Designation [D10]	Category	Antikörper
Product Description The original antibody was generated by immunizing Lama glama with amoxicillin conjugated with human serum albumin. The peripheral blood lymphocytes of the llama were used to generate a VHH library and the specific antibody was selected by panning the Clonality Monoclonal Clone Designation [D10] 34931798	Application	ELISA
Product Description with amoxicillin conjugated with human serum albumin. The peripheral blood lymphocytes of the llama were used to generate a VHH library and the specific antibody was selected by panning the Clonality Monoclonal Clone Designation [D10]	Species Reactivity	All
Clone Designation [D10] Pubmed 34931798	Product Description	with amoxicillin conjugated with human serum albumin. The peripheral blood lymphocytes of the llama were used to generate a
