| Manufacturer               | ImmunoChemistry Technologies                                                                                                                                                                                                                                  |
| Category                   | Sonstiges                                                                                                                                                                                                                                                     |
| Application                | ICC, IHC                                                                                                                                                                                                                                                      |
| Product Description        | This lectin is useful for the purification of insulin receptors, serum proteins and neuronal tracing. The carbohydrate-binding specificity of WGA has been studied by variety of techniques, such as hapten inhibition of hemagglutination and specific pr... |
| Concentration              | 5 mg/ml                                                                                                                                                                                                                                                       |
| Buffer                     | 10 mM phosphate, 150 mM NaCl, pH 7.6, 0.1 mM Calcium chloride and 0.05% sodium azide                                                                                                                                                                          |
