Product Datasheet

Colorectal Carcinoma/CD3 (Bi- specific), Clone: [BS-1], Mouse, Monoclonal Preis auf Anfrage ANO-MO-T40035

| Article Name | Colorectal Carcinoma/CD3 (Bi- specific), Clone: [BS-1], Mouse, Monoclonal Preis auf Anfrage |
|----------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Biozol Catalog Number | ANO-MO-T40035 |
| Supplier Catalog Number | MO-T40035 |
| Alternative Catalog Number | ANO-MO-T40035-0.5MG,ANO-MO-T40035-0.1MG |
| Manufacturer | Anogen-Yes Biotech Laboratories |
| Host | Mouse |
| Category | Antikörper |
| Application | EIA, FC |
| Species Reactivity | Human |
| Immunogen | The original CRC mAb (Y94) used human colorectal carcinoma as immunogen. The original CD3 mAb (JXT3) used human peripheral T lymphocytes as immunogen |
| Product Description | This is a bispecific antibody produced by fusion of two hybridoma cell lines. The human colorectal carcinoma antigen (CRC) mAb secreting cell line was transfected by mpSV2gpt. The human CD3 mAb secreting cell line (JXT3) was transfected by mpSV2neo |
| Clonality | Monoclonal |
| Clone Designation | [BS-1] |
| Isotype | IgG1/ IgG2a |

| Purity | Protein G affinity purified |
|--------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Form | Aff. pur. |
| Storage | Store at -20°C |
| Target | Human colorectal carcinoma related protein and cluster of differentiation 3 (CD3) on T-cells. |
| Application Dilute | Double distilled water is recommended to reconstitute the antibody |
| Application Notes | ELISA: The bi-specific antibody has been shown to detect the presence of the tumor-associated antigen in the serum of patients with colorectal carcinoma, and reacted with mucin-like oncofetal pancarcinoma antigen, glycoprotein TAG-72. Fluorescence flow |
