| Category                   | Proteine/Peptide                                                                                                                                                                                                                   |
| Species Reactivity         | Human                                                                                                                                                                                                                              |
| Product Description        | Cross-linked envelope protein of keratinocytes....                                                                                                                                                                                 |
| Molecular Weight           | 34 kda                                                                                                                                                                                                                             |
| Tag                        | N-terminal 6xHis-SUMO-tagged                                                                                                                                                                                                       |
| NCBI                       | <a href="#">6707</a>                                                                                                                                                                                                               |
| UniProt                    | <a href="#">Q9UBC9</a>                                                                                                                                                                                                             |
| Buffer                     | If the delivery form is liquid, the default storage buffer is Tris/PBS-based buffer, 5%-50% glycerol. If the delivery form is lyophilized powder, the buffer before lyophilization is Tris/PBS-based buffer, 6% Trehalose, pH 8.0. |
| Source                     | E.coli                                                                                                                                                                                                                             |
| Purity                     | Greater than 90% as determined by SDS-PAGE.                                                                                                                                                                                        |

|          |                                                                                                                                                                                    |
