| Application                | WB                                                                                                                                                                                                                                                           |
| Product Description        | This is a synthetic peptide designed for use in combination with anti-BAG6 Antibody (ARP61642_P050), made by Aviva Systems Biology. It may block above mentioned antibody from binding to its target protein in western blot and/or immunohistochemistry ... |
| Molecular Weight           | 125kDa                                                                                                                                                                                                                                                       |
