| Manufacturer               | MedchemExpress                                                                                                                                                                                                                   |
| Category                   | Kits/Assays                                                                                                                                                                                                                      |
| Product Description        | TOPS is a chromogenic substrate. TOPS undergoes an oxidative coupling reaction with 4-aminoantipyrine in the presence of H2O2 and nanocrystalline cobalt selenide. TOPS is used in studies related to uric acid detection[1].... |
| Molecular Weight           | 279.33                                                                                                                                                                                                                           |
| Purity                     | 99.81                                                                                                                                                                                                                            |
| CAS Number                 | [40567-80-4]                                                                                                                                                                                                                     |
| Formula                    | C12H18NNaO3S                                                                                                                                                                                                                     |
| Target                     | Biochemical Assay Reagents                                                                                                                                                                                                       |
| Application Notes          | MCE Product type: Biochemical Assay Reagents                                                                                                                                                                                     |
