## Product Datasheet

### Recombinant E. coli RecQ DNA Helicase Protein (Functional) ABC-A456-100

|                            |                                                                                            |
|----------------------------|--------------------------------------------------------------------------------------------|
| Article Name               | Recombinant E. coli RecQ DNA Helicase Protein (Functional)                                 |
| Biozol Catalog Number      | ABC-A456-100                                                                               |
| Supplier Catalog Number    | A456-100                                                                                   |
| Alternative Catalog Number | ABC-A456-100                                                                               |
| Manufacturer               | Antibodies.com                                                                             |
| Category                   | Proteine/Peptide                                                                           |
| Application                | Functional Studies, SDS-PAGE                                                               |
| Concentration              | 0.2-500 µg/ml                                                                              |
| Buffer                     | Supplied in 20 mM Tris-HCl, pH 7.5, with 1 mM EDTA, 50 mM KCl, 1 mM DTT, and 50% Glycerol. |
| Expression System          | Escherichia coli                                                                           |
| Purity                     | > 90% (by SDS-PAGE).                                                                       |
| Form                       | Liquid                                                                                     |
| Target                     | RecQ DNA Helicase                                                                          |
