| Application                | ELISA                                                                                                                                                                                                                                       |
| Species Reactivity         | Rat                                                                                                                                                                                                                                         |
| Product Description        | Rat Glucose Transporter GLUT1 ELISA Kit is a sandwich Enzyme-Linked Immunosorbent Assay (sELISA) designed for the in vitro quantitative determination of rat Glucose Transporter GLUT1 in tissue homogenates or other biological fluids.... |
| Range                      | 1.25-80 ng/ml                                                                                                                                                                                                                               |
| Sensitivity                | 0.49 ng/ml                                                                                                                                                                                                                                  |
| Samples                    | Tissue homogenates or other biological fluids.                                                                                                                                                                                              |
| Target                     | Glucose Transporter GLUT1                                                                                                                                                                                                                   |
