| Product Description        | Human IL-3RB ELISA Kit is a sandwich Enzyme-Linked Immunosorbent Assay (sELISA) designed for the in vitro quantitative determination of human IL-3RB in tissue homogenates, cell lysates or other biological fluids.... |
| Range                      | 0.156-10 ng/ml                                                                                                                                                                                                          |
| Sensitivity                | 0.061 ng/ml                                                                                                                                                                                                             |
| Samples                    | Tissue homogenates, cell lysates or other biological fluids.                                                                                                                                                            |
| Target                     | IL-3RB                                                                                                                                                                                                                  |
