| Host                       | Mouse                                                                                             |
| Category                   | Antikörper                                                                                        |
| Application                | ELISA, WB                                                                                         |
| Species Reactivity         | Human                                                                                             |
| Immunogen                  | Recombinant human CTLA-4.                                                                         |
| Conjugation                | Unconjugated                                                                                      |
| Product Description        | Mouse monoclonal (KT56) antibody to CTLA4....                                                     |
| Clonality                  | Monoclonal                                                                                        |
| Concentration              | 1 mg/ml                                                                                           |
| Clone Designation          | [KT56]                                                                                            |
| Isotype                    | IgG1                                                                                              |
| Buffer                     | Supplied in Phosphate Buffered Saline with 0.09% Sodium Azide.                                    |

|                    |                                      |
|--------------------|--------------------------------------|
| Form               | Liquid                               |
| Target             | CTLA4                                |
| Antibody Type      | Primary Antibody                     |
| Application Dilute | sELISA: 5 µg/ml, WB: 1/500-1/10,000. |
