| Product Description        | Rat MAT1A ELISA Kit is a sandwich Enzyme-Linked Immunosorbent Assay (sELISA) designed for the in vitro quantitative determination of rat MAT1A in tissue homogenates or other biological fluids.... |
| Range                      | 0.781-50 ng/ml                                                                                                                                                                                      |
| Sensitivity                | 0.32 ng/ml                                                                                                                                                                                          |
| Samples                    | Tissue homogenates or other biological fluids.                                                                                                                                                      |
| Target                     | MAT1A                                                                                                                                                                                               |
