| Product Description        | Human EAAT4 ELISA Kit is a sandwich Enzyme-Linked Immunosorbent Assay (sELISA) designed for the in vitro quantitative determination of human EAAT4 in tissue homogenates or other biological fluids.... |
| Range                      | 0.312-20 ng/ml                                                                                                                                                                                          |
| Sensitivity                | 0.129 ng/ml                                                                                                                                                                                             |
| Samples                    | Tissue homogenates or other biological fluids.                                                                                                                                                          |
| Target                     | EAAT4                                                                                                                                                                                                   |
