| Product Description        | Hamster IL-2 ELISA Kit is a sandwich Enzyme-Linked Immunosorbent Assay (sELISA) designed for the in vitro quantitative determination of hamster IL-2 in serum, plasma, tissue homogenates, and other biological fluids.... |
| Range                      | 12.5-800 pg/ml                                                                                                                                                                                                             |
| Sensitivity                | 7.5 pg/ml                                                                                                                                                                                                                  |
| Samples                    | Serum, plasma, tissue homogenates, and other biological fluids.                                                                                                                                                            |
| Target                     | IL-2                                                                                                                                                                                                                       |
