| Application                | ELISA                                                                                                                                                                                                |
| Species Reactivity         | Porcine                                                                                                                                                                                              |
| Product Description        | Porcine CD14 ELISA Kit is a sandwich Enzyme-Linked Immunosorbent Assay (sELISA) designed for the in vitro quantitative determination of porcine CD14 in serum, plasma or other biological fluids.... |
| Range                      | 6.25-400 ng/ml                                                                                                                                                                                       |
| Sensitivity                | 2.15 ng/ml                                                                                                                                                                                           |
| Samples                    | Serum, plasma or other biological fluids.                                                                                                                                                            |
| Target                     | CD14                                                                                                                                                                                                 |
