| Product Description        | Human COL1A2 ELISA Kit is a sandwich Enzyme-Linked Immunosorbent Assay (sELISA) designed for the in vitro quantitative determination of human COL1A2 in serum, plasma, tissue homogenates, and other biological fluids.... |
| Range                      | 0.156-10 ng/ml                                                                                                                                                                                                             |
| Sensitivity                | 0.094 ng/ml                                                                                                                                                                                                                |
| Samples                    | Serum, plasma, tissue homogenates, and other biological fluids.                                                                                                                                                            |
| Target                     | COL1A2                                                                                                                                                                                                                     |
