| Product Description        | Human AVPR1B ELISA Kit is a sandwich Enzyme-Linked Immunosorbent Assay (sELISA) designed for the in vitro quantitative determination of human AVPR1B in serum, plasma, tissue homogenates, and other biological fluids.... |
| Range                      | 0.313-20 ng/ml                                                                                                                                                                                                             |
| Sensitivity                | 0.188 ng/ml                                                                                                                                                                                                                |
| Samples                    | Serum, plasma, tissue homogenates, and other biological fluids.                                                                                                                                                            |
| Target                     | AVPR1B                                                                                                                                                                                                                     |
