| Application                | ELISA                                                                                                                                                                                                                                                    |
| Species Reactivity         | Mouse                                                                                                                                                                                                                                                    |
| Product Description        | Mouse Laminin alpha 5/LAMA5 ELISA Kit is a sandwich Enzyme-Linked Immunosorbent Assay (sELISA) designed for the in vitro quantitative determination of mouse Laminin alpha 5/LAMA5 in serum, plasma, tissue homogenates, and other biological fluids.... |
| Range                      | 0.313-20 ng/ml                                                                                                                                                                                                                                           |
| Sensitivity                | 0.188 ng/ml                                                                                                                                                                                                                                              |
| Samples                    | Serum, plasma, tissue homogenates, and other biological fluids.                                                                                                                                                                                          |
| Target                     | Laminin alpha 5/LAMA5                                                                                                                                                                                                                                    |
