| Application                | ELISA                                                                                                                                                                                                                                                         |
| Species Reactivity         | Human                                                                                                                                                                                                                                                         |
| Product Description        | Human Glucose 6 Phosphate Isomerase ELISA Kit is a sandwich Enzyme-Linked Immunosorbent Assay (sELISA) designed for the in vitro quantitative determination of human Glucose 6 Phosphate Isomerase in serum, plasma, tissue homogenates, and other biologi... |
| Range                      | 0.156-10 ng/ml                                                                                                                                                                                                                                                |
| Sensitivity                | 0.094 ng/ml                                                                                                                                                                                                                                                   |
| Samples                    | Serum, plasma, tissue homogenates, and other biological fluids.                                                                                                                                                                                               |
| Target                     | Glucose 6 Phosphate Isomerase                                                                                                                                                                                                                                 |
