| Product Description        | Mouse Claudin 5 ELISA Kit is a sandwich Enzyme-Linked Immunosorbent Assay (sELISA) designed for the in vitro quantitative determination of mouse Claudin 5 in tissue homogenates, cell lysates or other biological fluids.... |
| Range                      | 0.312-20 ng/ml                                                                                                                                                                                                                |
| Sensitivity                | 0.127 ng/ml                                                                                                                                                                                                                   |
| Samples                    | Tissue homogenates, cell lysates or other biological fluids.                                                                                                                                                                  |
| Target                     | Claudin 5                                                                                                                                                                                                                     |
