| Product Description        | Rat SLC6A6/Taut ELISA Kit is a sandwich Enzyme-Linked Immunosorbent Assay (sELISA) designed for the in vitro quantitative determination of rat SLC6A6/Taut in tissue homogenates or other biological fluids.... |
| Range                      | 0.156-10 ng/ml                                                                                                                                                                                                  |
| Sensitivity                | 0.052 ng/ml                                                                                                                                                                                                     |
| Samples                    | Tissue homogenates or other biological fluids.                                                                                                                                                                  |
| Target                     | SLC6A6/Taut                                                                                                                                                                                                     |
