| Product Description        | Human ApoER2 ELISA Kit is a sandwich Enzyme-Linked Immunosorbent Assay (sELISA) designed for the in vitro quantitative determination of human ApoER2 in serum, plasma or other biological fluids.... |
| Range                      | 0.156-10 ng/ml                                                                                                                                                                                       |
| Sensitivity                | 0.049 ng/ml                                                                                                                                                                                          |
| Samples                    | Serum, plasma or other biological fluids.                                                                                                                                                            |
| Target                     | ApoER2                                                                                                                                                                                               |
