| Article Name               | Mouse IgG2b kappa Isotype Control [MPC-11] (APC), Monoclonal            |
| Biozol Catalog Number      | ABC-A86378-100                                                          |
| Supplier Catalog Number    | A86378-100                                                              |
| Alternative Catalog Number | ABC-A86378-100                                                          |
| Manufacturer               | Antibodies.com                                                          |
| Host                       | Mouse                                                                   |
| Category                   | Antikörper                                                              |
| Application                | FC                                                                      |
| Immunogen                  | KLH-coupled trinitrophenol.                                             |
| Conjugation                | APC                                                                     |
| Clonality                  | Monoclonal                                                              |
| Concentration              | 100 µg/ml                                                               |
| Clone Designation          | [MPC-11]                                                                |
| Isotype                    | IgG2b                                                                   |
| Buffer                     | Supplied in Phosphate Buffered Saline, pH 7.4, with 15 mM Sodium Azide. |
| Form                       | Liquid                                                                  |
| Target                     | Mouse IgG2b                                                             |
| Antibody Type              | Primary Antibody                                                        |

|                    |                                                                                                                                                                                                                                                                 |
|--------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Dilute | Negative control: The reagent is intended as an isotype control to establish the amount of non-specific antibody binding. For your particular experiment, use the same concentration of this control antibody as the recommended working concentration of the a |
