## Product Datasheet

### Anti-Interferon gamma Antibody [4S.B3] (APC), IgG1, Mouse, Monoclonal ABC-A86379-100

|                            |                                                                         |
|----------------------------|-------------------------------------------------------------------------|
| Article Name               | Anti-Interferon gamma Antibody [4S.B3] (APC), IgG1, Mouse, Monoclonal   |
| Biozol Catalog Number      | ABC-A86379-100                                                          |
| Supplier Catalog Number    | A86379-100                                                              |
| Alternative Catalog Number | ABC-A86379-100                                                          |
| Manufacturer               | Antibodies.com                                                          |
| Host                       | Mouse                                                                   |
| Category                   | Antikörper                                                              |
| Application                | FC                                                                      |
| Species Reactivity         | Human, Primate                                                          |
| Immunogen                  | Interferon gamma derived from human leukocytes.                         |
| Conjugation                | APC                                                                     |
| Product Description        | Mouse monoclonal [4S.B3] antibody to Interferon gamma (APC)....         |
| Clonality                  | Monoclonal                                                              |
| Clone Designation          | [4S.B3]                                                                 |
| Isotype                    | IgG1                                                                    |
| Buffer                     | Supplied in Phosphate Buffered Saline, pH 7.4, with 15 mM Sodium Azide. |
| Form                       | Liquid                                                                  |

|                    |                                                                                                                                                                                                                                                   |
|--------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Target             | Interferon gamma                                                                                                                                                                                                                                  |
| Antibody Type      | Primary Antibody                                                                                                                                                                                                                                  |
| Application Dilute | Flow Cytometry: The reagent is designed for analysis of human blood cells using 10 µl reagent / 100 µl of whole blood or 10 <sup>6</sup> cells in a suspension. The content of a vial (1 ml) is sufficient for 100 tests, Intracellular staining. |
