| Host                       | Rabbit                                                                                                                |
| Category                   | Antikörper                                                                                                            |
| Application                | ICC, IP, WB                                                                                                           |
| Species Reactivity         | Human, Mouse, Rat                                                                                                     |
| Immunogen                  | Recombinant fusion protein containing a sequence corresponding to amino acids 1-184 of human TNFAIP8L2 (NP_078851.2). |
| Conjugation                | Unconjugated                                                                                                          |
| Product Description        | Rabbit polyclonal antibody to TIPE2....                                                                               |
| Clonality                  | Polyclonal                                                                                                            |
| Concentration              | Lot Specific                                                                                                          |
| Molecular Weight           | 18 kDa                                                                                                                |
| Buffer                     | Supplied in Phosphate Buffered Saline, pH 7.3, with 50% Glycerol and 0.01% Thiomersal.                                |
| Form                       | Liquid                                                                                                                |

|                    |                                                                                                                                                                                                           |
