| Host                       | Rabbit                                                                                                             |
| Category                   | Antikörper                                                                                                         |
| Application                | ICC, IHC, WB                                                                                                       |
| Species Reactivity         | Human, Mouse, Rat                                                                                                  |
| Immunogen                  | Recombinant fusion protein containing a sequence corresponding to amino acids 309-418 of human BAAT (NP_001692.1). |
| Conjugation                | Unconjugated                                                                                                       |
| Product Description        | Rabbit polyclonal antibody to BAAT....                                                                             |
| Clonality                  | Polyclonal                                                                                                         |
| Concentration              | Lot Specific                                                                                                       |
| Molecular Weight           | 40 - 46 kDa                                                                                                        |
| Buffer                     | Supplied in Phosphate Buffered Saline, pH 7.3, with 50% Glycerol and 0.02% Sodium Azide.                           |
| Form                       | Liquid                                                                                                             |

|                    |                                                                                                                          |
