| Product Description        | Rat ACE2 ELISA Kit is a sandwich Enzyme-Linked Immunosorbent Assay (sELISA) designed for the in vitro quantitative determination of rat ACE2 in serum, plasma, tissue homogenates or other biological fluids.... |
| Range                      | 0.781-50 ng/ml                                                                                                                                                                                                   |
| Sensitivity                | 0.25 ng/ml                                                                                                                                                                                                       |
| Samples                    | Serum, plasma, tissue homogenates or other biological fluids.                                                                                                                                                    |
| Target                     | ACE2                                                                                                                                                                                                             |
