| Product Description        | Porcine IGFBP2 ELISA Kit is a sandwich Enzyme-Linked Immunosorbent Assay (sELISA) designed for the in vitro quantitative determination of porcine IGFBP2 in serum, plasma or other biological fluids.... |
| Range                      | 0.468-30 ng/ml                                                                                                                                                                                           |
| Sensitivity                | 0.18 ng/ml                                                                                                                                                                                               |
| Samples                    | Serum, plasma or other biological fluids.                                                                                                                                                                |
| Target                     | IGFBP2                                                                                                                                                                                                   |
